#1 - Jayden Kuzmic C10

#2 - Lucas Detter C24

#3 - Logan Arnold C19

Paddleboat winners:

#1 - Saylor/Sophia Salmon C19

#2 - Mason/ Madi Cooksey C11

#3 - Eli Benning/Lauren Bridges D9

Congratulation everyone!!!

LOOKS LIKE EVERYONE HAD A GOOD TIME!

Water Quality Report – Larry Fischer

We are proud to have available Chuck Bower and Gary Mason, both being new lake lease holders. Chuck owns and operates GSI Engineering and Gary is the former Deputy Secretary of Environment KDHE. Water testing is being conducted in June and July and results will be posted very soon

Thanks for your interest and help.

“HEROES HELPING HEROES HEAL”

fishing tournament

SEPT 9 & 10

– Contact Marty Thurman

Phone: 316-644-5656

See lots of neat footage at www.H3AMERICA.com

LAKE ASSOCIATION MEMBERSHIP

Because of your involvement, approximately 90% of lake homeowners became paid members of the Council Grove City Lake Association in 2016. Considering some folks own two leases and some owned by absentee trusts go unused, our true membership level is usually above 90%. This level of membership is an open testament of your support. The Association could not begin to accomplish our mission without you. It is only with your continued support that we can promote your interests as a lake homeowner and keep you informed of developments that may affect you. It is because of this continued level of support that we were able to be recognized by the city government as the spokes "person" for lake residents. Representing you as a "joint voice" increases your "power of one" and gives you considerable leverage when decisions are being made. **We thank each and every one of you who has already paid your 2017 dues to support the Lake Association.** However, if you have not, we encourage you to do your share, and get your dues in the mail. You may use the form below or the card sent to you by mail.

The dues have been at \$35 per household for many years. This year it was necessary to increase the dues to \$50 per household in order to support legal fees, water sampling and other activities.

A CURRENT AQUATIC NUISANCE CERTIFICATE IS REQUIRED WHEN APPLYING FOR A 2017 CITY LAKE BOAT PERMIT.

Enjoy Kansas Waters Today and Protect Our Waters for Years to Come.

Aquatic nuisance species (ANS) impact YOU. They cause damage to your lake, your wallet, your recreation and your way of life.

ANS are:

- any non-native species (animal or plant) that harms Kansas waters
- a billion-dollar threat to boating, fishing, industry, agriculture and municipal water supplies
- usually spread by "hitching" a ride with anglers, boaters or other outdoor recreationists

ANS and the Law

- It is illegal to transport live ANS
- Livewells and bilges must be drained and drain plugs removed before transport
- Live fish cannot be transported from ANS Designated Waters; visit ProtectKSWaters.org for a list of these waters
- Dispose of unused bait on land or in an approved bait receptacle

ProtectKSWaters.org

What Can I Do? Clean

Remove all plants, animals and mud; thoroughly wash everything, especially crevices and hidden areas.

Drain

Eliminate all water before leaving the area, including livewells, ballast and engine cooling water. Dispose of unused bait on land or in an approved bait receptacle.

Dry

Allow five days for your boat to completely dry before transporting to other waters.

If your boat has been in ANS Designated Waters and you cannot perform the required steps above, have your boat professionally cleaned with high-pressure scalding hot water (> 140°F).

Certification available at : <http://ksoutdoors.com/Fishing/Aquatic-Nuisance-Species/Aquatic-Nuisance-Species-Certification-Course>.

In with the small, usually about 4,000 each fall.

Out with the large

Walleye stocking

Are there fish in there?

400, 000 to a million each spring.

EXTENSION OF HIGH SPEED AREA

The City Council has approved the permanent westward extension of the high speed area in the lake. Buoys have been placed accordingly.
